# Technical Program

**1 Lecture on History**

**5 Keynote Lectures**

**4 Minisymposia Key Lectures**

**19 Minisymposia**

Several followed the successful scheme of previous ENOC Conferences, thus being organized in Rome for the second or third time, possibly with slight – though meaningful – changes in the denomination and/or in the chairpersons.

A few MS (Biological Systems, Engineering Design, Fluid-Structure Interaction) were devoted to new topics, thus appearing in the structure of ENOCs for the first time.

Care was taken to identify topics with limited overlapping, as much as possible.

**1 Regular Session**

**1 Special Session**

**2 ENOC Young Prizes**

**2 Best MS Prizes**

**2 ENOC Committee Meetings**
